

# Rijan Lama

## Full Stack Developer

Thahachowk , Hetauda • +977 9865174070 • lamarijan34@gmail.com

@ <https://github.com/mrrijan> in @ <https://www.linkedin.com/in/rijan-lama-6474292a3/>

A passionate Full Stack Developer with over 1 year of experience, proficient in building dynamic and scalable web applications. I specialize in technologies like Laravel, Vue.js, and Flutter, alongside expertise in database management, responsive design, and real-time applications. Eager to contribute my skills and knowledge to impactful projects while continuing to grow as a versatile developer in the IT industry.

## EXPERIENCE

### Internship

Hetauda

Prabidhee Innovations

Oct, 2023 - Jan, 2024

- Developed a custom Laravel application, reducing page load times by 30%.
- Optimized database performance, improving data retrieval speeds by 20%.
- Implemented Role-Based Access Control (RBAC) for enhanced security.
- Utilized PHP Unit to ensure code quality, reducing bugs by 15%.
- Integrated APIs for seamless functionality.

### Full Stack Developer

Hetauda

Prabidhee Innovations

Feb, 2024 - Present

- Built and maintained responsive full-stack web applications using Vue.js and Laravel.
- Developed desktop applications using Flutter for cross-platform functionality.
- Utilized PHP Unit and Clockwork for testing and debugging, reducing production issues by 15%.
- Designed and optimized databases to improve performance and scalability.
- Collaborated in an Agile workflow and managed code repositories using Git for seamless team coordination.

## EDUCATION

### Bachelors Of Computer Applications

Hetauda

Hetauda School Of Management And Social Sciences

Four year undergraduate degree program that focuses on the fundamentals of computer science and application development, designed to equip students with essential knowledge and skills in areas like programming, database management, software development, and web technologies, preparing them for careers in the IT and software industry.

## PROJECTS

### Accounting Software

- Integrated Nepali date functionality into an accounting system using Laravel's Eloquent ORM, enabling localized financial transaction management. Implemented date conversions for seamless database queries, improving accessibility and transaction accuracy for Nepali users.

### Registration and Invoice Management System

- Developed a system using Laravel and Vue.js, featuring real-time invoice updates with Laravel Echo and automated recurring invoice scheduling. Streamlined registration, invoicing, and notifications, enhancing efficiency and automation.

### Advertisement Management System

- Created a campaign management platform with Laravel and Vue.js, incorporating real-time analytics, scheduling, and automated ad placements. Improved campaign efficiency and provided actionable performance insights.

### Multilingual System

- Implemented a multilingual content management solution, enabling seamless language adaptability.

**Content Management System**

- Developed a user-friendly CMS using Laravel and Vue.js during an internship, demonstrating expertise in dynamic web application development.

**ACHIEVEMENTS**

---

**Laravel Package Development**

Developed custom Laravel packages to extend application functionality, including advanced features for user authentication, role management, and other tailored solutions based on project requirements.

**SKILLS**

---

laravel, VueJS, Flutter, React JS, MySQL, Git / Github, jQuery, Javascript Ajax, Docker

**LANGUAGE**

---

Nepali, English, Hindi
